In Memoriam

By Barb Tylenda

Since our last newsletter, the community mourned the loss of community members whose families specifically designated Health Care Network as a memorial site.

We can never express strongly enough how humbled and grateful we are for these magnanimous gestures.

Howard Gass MD saw his last patient at Health Care Network just weeks before his unexpected passing. As an OB/GYN he began seeing HCN's women while still in practice at Kurten Clinic. After the death of Dr. Elizabeth Allen Steffen, Dr. Gass joined the on-site clinic in her memory. Each 2nd and 4th Monday from 1993 until June 2012, Dr. Gass was at the clinic which always started with the staff guessing what flavor of Kringle he brought that day. Dr. Gass always made it easy to come back to work on a Monday morning.

*I never met **Jack Helland** but it was clearly my misfortune. Memorials for Jack included such descriptions as "great guy", "fun to be with", "a character". Jack was even symbolized as a Jack of Hearts on his memorial card. It not only signified card games as a part of Jack's life but his big heart in how he approached his family and friends. There isn't much better in life than to be remembered as someone who brought joy to so many people.*

In 1990 when Health Care Network was starting its on-site medical clinic **John Jamieson MD** was one of five recently retired physicians to launch what was then a major expansion of our program. Dr. Jamieson was a favorite physician of patients as he brought an equal blend of an empathetic ear and medical science to the care of our patients. After Dr. Jamieson re-retired to Tennessee he did not become a stranger. He continued to send us notes of encouragement and never failed to visit us on his trips back to Racine.

*It's hard to talk about **Jim Mohrhauser** without mentioning Jean Mohrhauser. Jim & Jean were a unit that offered us years of moral and financial support. Our first contact with Jim & Jean started out in a grand way when they offered Versa Air's airplane hangar at Batten Field for our 1999 fundraiser Passport to Adventure. This fundraiser launched our Good Samaritan Program which provides prescriptions assistance to our patients. As extra incentive to raising funds, Jim offered his private plane, a pilot, and dinner in Madison for a memorable raffle prize. Jim was a man with extensive business acumen, and a strong moral compass to give back to the community. Health Care Network is only one place where Jim & Jean Mohrhauser have left a lasting legacy.*

In 1977 I was an occupational therapist working at Sacred Heart Rehab Hospital in Milwaukee. I was assigned to a woman named Wanda who had a stroke much earlier in life than one would expect. I was particularly impressed with her husband who attended nearly all of her therapy sessions. As a physician with a demanding practice he was clearly there for his wife. I couldn't help but remember the name **Raymond Skupniewicz MD** due to his commitment. Years later our paths would cross again when I came to work at Health Care Network Inc. It was then that I found out how beloved "Dr. Skup" was by his patients. He was described as "down to earth", "a Dr. Welby", and "from an era gone by". He was also a favorite of nurses for his respect of their skills and important role in health care.

*As sad as the loss of **Thomas Torphy** is, what is sadder is that Tom and his family had to endure a long and declining illness over several years. Through all of this, Tom's wife Dee was a model of strength who remained committed to her community. In addition to the Torphy's personal contributions to the agency, Dee was able to secure much needed medical equipment for several of our patients through her P.E.O. Chapter.*

Don Tredwell was one of the first Board members who came to the agency with a business background—a Harvard MBA at that! He took leadership of the Facilities Committee as we ventured into our first independent space. The agency cut its teeth on the ABC's of rent negotiation under Don. While some Board members float away from an agency after their term is done, Don stayed close and encouraging to the agency throughout the years. Don will be remembered for his love of life, his adventurous nature, his sense of humor, his bright smile, and his many contributions to the community.

In 1987 when the agency first opened its doors, the concept of the agency was still looked at with some skepticism in the community. Some medical providers took a wait and see attitude but not **Goro Tsuchiya MD**. As one of the first physicians to join the effort, Dr. Tsuchiya never turned a patient away when referred to his neurosurgery practice. Even when he moved his practice to Kenosha he continued to volunteer his services to the Racine community. Outside of his medical skills, Dr. Tsuchiya showed his talents through exquisite bird carvings and a beautiful home garden.

Thanksgiving, after all, is a word of action. ~ W. J. Cameron
