*“This country will not be a good place for any of us to live in unless we make it a good place for all of us to live in” ~ Teddy Roosevelt*

Dear Friends of Health Care Network,

I have been in the role of Executive Director for just over a year and I must say, what a marvelous year this has been! First, thank you to everyone who has made my transition into this position a smooth one. From the fantastic board of directors and the spectacular, competent staff to the talented volunteers and loyal donors to the supportive members of community agencies and churches, and of course, the patients, everyone has been exceptionally hospitable and supportive. Not only does this say a tremendous amount about the Racine community, it also speaks volumes about the reputation Health Care Network has in the community. It truly has been one of the best years in my professional career and I have all of you to thank for that.

Many people have asked about how the Affordable Care Act has impacted the relevancy of services offered through Health Care Network and whether the need for a free clinic in our community remains a necessity. In a word, yes! It has been said that it will be another 4-5 years before we understand the true impact of the Affordable Care Act. What we do know is that roughly 11% of those living in this community remain without health care coverage. Still others have coverage but do not understand how to navigate the complex system. There is much work that remains and we are committed to live out the mission of providing health care to those without insurance and will be vigilant about assessing the needs of the community as the ACA continues to unfold. With your continued support, Health Care Network will be here to fill the gaps.

Thank you to each and every one of you who have done your part to support this mission. Together we are creating a healthier Racine!

Sincerely,

Alison Sergio  
Executive Director

*Despite all that has taken place regarding health care reform, the necessity of services provided through free and charitable clinics remains an integral component of our community's wellbeing.*

*#TheNeedContinues*

**And, now let's take a look back at the memorable highlights from 2015!**

## *A Look Back at 2015*

### The start of the year...

During the first quarter of the year, we welcomed new providers **Alice Thomason RN** and **Karen Kleba RN** who joined the onsite clinic and **Naweed Chowdhury MD**, **Michael Christensen MD**, **Janie Litza MD**, **Mark Rehorst DDS** who joined the esteemed group of dedicated professionals serving patients through Health Care Network.

**Racine Country Club Women's Luncheon** was held in December. We are very appreciative of their thoughtful support over the years.

**Vickie Shellberg** who had coordinated the program when we were located inside the **Western Racine County Health Dept** in Burlington was hired. Health Care Network began providing services at Waterford's **Aurora Clinic** and Vickie was hired to coordinate the program at this location. Vickie's skills and passion for her work with patients has been a tremendous asset to the team. Thank you to **Aurora Health Care** for providing the space and for a wonderful partnership! The staff of Aurora has been so incredibly hospitable and we are grateful for the support!

Health Care Network received a generous grant from the **J. Vernon Steinle and Elmyra K. Steinle Foundation**. We are grateful for their commitment to our mission.

Once again **First Presbyterian Church** held its annual **Alternative Christmas** event with Health Care Network being one of the beneficiaries of the funds collected. To date, more than of \$8,300 has been received from this annual event.

WFH - All Saints Lab

**Wheaton Franciscan Healthcare - All Saints Foundation** and **Wheaton Franciscan Healthcare - All Saints Lab** held their annual Tree and Wreath Raffle, raising \$2,600 for the agency this year. The staff always looks forward to getting the creative juices flowing and creating a tree to be raffled off. The theme for the 2014 wreath was "Let it snow! Let it snow! Let it snow!"

The staff of Health Care Network had the privilege of attending the victory dinner in celebration of the **United Way of Racine County** meeting its annual campaign goal. Congratulations on a job well done and thank you to all the generous people of Racine County!

### As we sprung into spring...

**Radiation Oncology Associates** joined the program.

Health Care Network was thrilled to be awarded \$100,000 from the **Aurora Health Care Better Together Fund**, facilitated by the **Greater Milwaukee Foundation**. Funds will be used over the next two years to support the increase in clinic capacity, allowing an additional 600 patients to be served over the next two years.

Health Care Network was featured in the Spring issue of **Health and Soul Legacy**, a publication of **Wheaton Franciscan Healthcare All Saints Foundation**.

Health Care Network welcomed **Marcela Maldonado** to the staff team. Marcela's experience and friendly manner fits perfectly with our philosophy of patient care.

The agency is again fortunate to be a **United Way of Racine County** partner provider and was awarded \$123,068.43 to support services for the 2015-2016 fiscal year.

Congratulations to **Aurora Health Care** on the ground breaking for their new ambulatory care center located in Burlington.

## During the dog days of summer...

**Reggie Adams DO, Renee Beck-Santiago NP, and MH Imaging** joined the program.

To kick off the summer season, Health Care Network held its fundraiser, *Health Care Network Takes Flight*, at the **EAA Chapter 838 Museum at John H. Batten Airport**. Great friends, great food and a great time had by all! **Kerry Frank**, member of the Board of Directors and winner of the 50/50 raffle at the fundraising event graciously chose to donate her \$500 winnings back to HCN.

Thanks to the efforts of **Gina Christensen** and **Shelly Keiser** at **Racine Dental Group**, the **Dental Dash** was a huge success! Over \$3,100 was raised to support Health Care Network!

**Aurora Health Care Pharmacy** intern, **Kerry Nichols**, generously donated her time to create a comprehensive policy and procedure document for the onsite dispensing room. Thank you to both **Aurora Health Care** and Kerry for a job well done.

**Dental Dash**

**Music & More**

The **Music and More Concert** series held at **First Presbyterian Church** during the summer is certainly one of the gems of this community. Health Care Network was one of three recipients of funds collected this year. To date, over \$11,575 has been received by this agency through the generosity of the many who attend these wonderful summer concerts.

**Roma Lodge** again contributed \$3,000, proceeds from their annual **Italian Festival**, in support of the mission to further health care for Racine County residents without insurance. We are honored to have once again received this contribution.

We were again surprised by a donation of over the counter cold medications collected by the **Racine Symphony Orchestra** during their **Summer Pops Concerts**.

**Pastor Mario Alvarez**, who runs a free clinic in his home town of Florencia Barela, Argentina, visited Health Care Network. Pastor Mario was visiting the area as his church and **Mount Pleasant Lutheran Church** are sister parishes. A sincere thank you to Sandy Lyden for accompanying Pastor Mario on his visit to the U.S.

**Sandy Lyden, Pastor Mario Alvarez, & staff member Anna Saucedo LPN**

## The cool, crisp autumn...

A warm welcome to **Laura Brantman-Johnson FNP**, who joined the on-site clinic. **Barb Albee NP** and **Deidre Fowler RN** have joined the Waterford site to expand services to include women's health care.

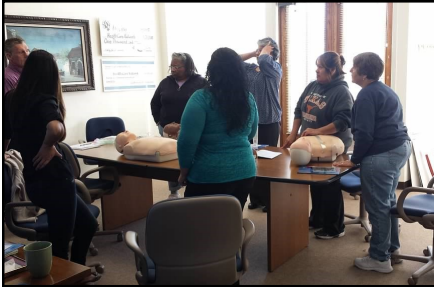

**UWRC - Day of Caring**

The **United Way of Racine County's Day of Caring** brought a splash of color to the Racine location. Volunteers **Joe Heck, Paul and Mavis Rohling, Linda Ziegler** and **Chuck Andrews** painted several walls a bright blue color to add a cheery feeling to the rooms. After the paint dried, the HCN logo, printed by **Chuck Merritt** at **Lighthouse Communication**, was added to the waiting room wall. Thank you to all (staff and volunteers) who helped to give the space a facelift!

## Autumn Activities Continued...

We welcomed back the pharmacists from Walgreens located on Washington Avenue in September to provide flu shots to patients. Those unable to attend during the two specific dates were given vouchers to get their shot at Walgreens free of charge.

The Long Range Planning Committee of the Board of Directors began the process of establishing a new strategic plan to be implemented at the beginning of next fiscal year.

**Staff members completed biannual CPR training.**

## News To Warm the Heart

In June, the community came together to celebrate the retirement of **Greg Anderegg** from **S.C. Johnson** after 35 years of service. Greg graciously named Health Care Network the recipient of gifts in his honor for which we are immensely grateful. Greg's many accomplishments and his community involvement is nothing short of amazing! A sincere thank you to Greg for his tireless efforts to support nonprofit organizations in Racine!

In September, **Dr. Paul Elcano and Leigh Ann Martinez** celebrated their marriage. Not only has Dr. Elcano shared his time and talent by providing dental care to the patients of Health Care Network, but he and Leigh Ann chose to name the agency as the recipient of gifts in celebration of this happy occasion. This gesture speaks volumes about their commitment to helping Health Care Network carry out its mission. Congratulations to the happy couple!

## **Health Care Network's Volunteers in the Spotlight**

**The Journal Times' Best of Racine County** contest named **Robert Gullberg MD, Paul Durbin MD, and Margaret Hennessy MD** among the top doctors in Racine County. **The Eye Clinic of Racine** was named tops for eye care and **Paul Elcano DDS, Derf Simes DDS and Kimberly Kind-Bauer DDS** were named top dentists in the County. Congratulations to the top picks in the County!

**Nicolet DeRose DDS**, a UW-Parkside alumnus, was recognized at the university's Traditions of Excellence Celebration for having excelled in achievement and service to the community. Thank you for your service and leadership!

**Ned Murphy DDS** was elected to the office of Vice President of the **Wisconsin Dental Association**. We are proud to have you as a part of our team!

**Ned Murphy DDS**

**Grace Piskula**, a long time office volunteer, was recognized with the **YWCA Women of Distinction Award** for being a pioneer in women's sports as a member of the All-American Girls Professional League, formed in 1943. Congratulations on an award well deserved and a fascinating story!

**Congratulations to each of you! We are proud that only the best volunteer at Health Care Network!**

# Those We Remember

Over the past year the community mourned the loss of members whose families designated Health Care Network as a memorial site. It is an honor to carry out a mission that is near and dear to the Racine Community. Thank you to the families of those who have passed who, during their time of grief, have chosen to secure the future of Health Care Network through generous financial support in memory of their loved ones.

For each person, friends and family shared memories and thoughts about why that person was so special. We have chosen to capture a few of those memories as we remember:

November 19, 2015

*“Always wanting to serve”*

**Barb Tylenda**, former Executive Director of Health Care Network, has written a special memorial for her father, Ray, who passed away on May 15, 2015.

My father was born on May 29, 1917, the exact same date as President John F. Kennedy. His middle initial was also F. and he always signed his name **Raymond F. Tylenda**. One needs to look no further than what the F stands for in order to understand the difference in the life each was born in to. Fitzgerald vs. Felix says it all. However that did not keep my dad from also being a war hero. Under heavy artillery attack during the Battle of the Bulge, my dad ran out of a bunker to pull a wounded lieutenant to safety. He received the Bronze Star for heroism. In the mid 60's, the term single parenting hadn't even been coined yet, but that was the role my dad found himself in upon the death of my mother. With 3 girls to raise, he matter of factly and without question took on the job. I never saw my dad miss a day of work, nor could we do the same with school. He couldn't abide by tardiness, complaining or worse yet whining. We were expected to do an honest day's work and be careful with money no matter who's it was. My dad had all the work habits that we long for in today's world. My greatest blessing was to have retired and have the time to spend with him during his last 6 months unencumbered with my own responsibilities. I will forever be grateful to all of you who checked on me during that time, attended his funeral, sent a card or made a donation to HCN or another charity. It is as the commercial says, priceless.

# Health Care Network, Inc Annual Report 2014-2015

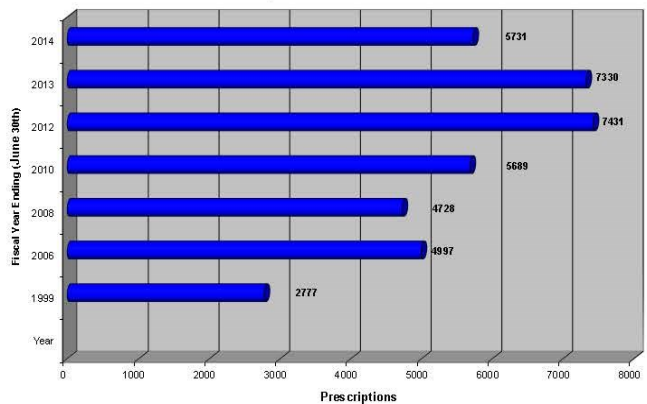

Since the inception of the organization in 1987, over 192,000 appointments have been provided to those without health care coverage living in Racine County. This represents a value of well over \$25.5 million which could only have been done through the generous donation of time, talent and resources by the volunteers and donors. Prescription assistance and dental care continue to be the most requested of all services offered. Despite the implementation of the Affordable Care Act, Health Care Network is very much a needed program in Racine County.

## Health Care Network Inc demonstrates strong Outcomes

As a part of United Way of Racine County's investment process, programs must demonstrate the impact of the program on participants beyond the numbers served. Health Care Network, Inc. has chosen indicators which not only demonstrate improvement on the patient, but also, if successful, have a positive effect on the community at large. The goals are for patients to integrate healthy lifestyle patterns and to gain measurable skills in making health and safety choices. We are proud to report the following results.

Many of the patients served suffer from high blood pressure and/or diabetes. With health education integrated into each clinic visit, 82% of the patients seen for one or both of these issues blood pressure and fasting blood sugar/glycohemoglobin levels improve or within normal limits.

Dental care plays a significant role in overall health status. Seventy nine percent (79%) of patients demonstrated acceptable prophylactic oral care as evidenced by the oral health exam measuring calculus, pocket depth and inflammation of tissue.

We are proud and excited to continue to provide quality care to patients to improve the health outcomes in Racine County.

## A Lasting Legacy

Have you ever pondered the lasting impact of your current involvement with the Health Care Network? Whether you are connected as a volunteer, friend, or financial supporter, you make a difference in the lives of those in need of health care. You make a lasting and significant contribution to the people of Racine County.

Yet another way to have a lasting impact on the future of our work is with a charitable bequest. This simple expression of your support will enable the Health Care Network to continue to provide services long into the future. There are several ways you can make provisions for the future of this important work:

1. Include a gift to the Health Care Network in your will.
2. Name the Health Care Network as the beneficiary of a trust, retirement plan, insurance policy or bank account.

Making a charitable bequest is as simple as a call to your attorney, retirement plan administrator or bank. And, of course, you may change or enhance your gifts at any time. So please, consider leaving a lasting legacy for Racine County.

## The Need Continues

Health Care Network is proud to be a member of the Wisconsin Association of Free & Charitable Clinics (WAFCC), which has done extensive work to increase awareness regarding the effect the Affordable Care Act has had on Wisconsin residents. Prior to the implementation of the ACA, 11.6% of Wisconsin residents were uninsured, compared to 9.5% after. In Racine County, 11% remain without health coverage. Clearly, the need for free and charitable clinics remains.

Who Are The Remaining Uninsured People In Wisconsin?  
**#TheNeedContinues**

Those who:

1. Find Employer individual or family coverage “unaffordable”
2. Cannot enroll in BadgerCare (Medicaid)
3. Are exempt from Insurance Mandate And “Shared Responsibility Payment”
4. Dropped their expensive COBRA insurance after open enrollment period, not realizing this does NOT trigger a special enrollment.
5. File taxes separately from their spouse, rendering them ineligible for subsidies in the Marketplace.
6. Are 65 or older and cannot afford Medicare Part B
7. Are waiting for their insurance to kick in
8. Are caught in the differences of income determination between the Marketplace and BadgerCare Plus.
9. Are undocumented residents and cannot purchase insurance in the United States
10. Are unable to quit or choose to smoke and are penalized with up to 50% higher premiums, thus making insurance “unaffordable”
11. Missed Open Enrollment
12. Do not have dental or vision coverage
